Alex Power Technology
Experience and Quality in One Place

Dear Sir

First of all let me thank you for placing your trust in Alex Power Technology, I would be very pleased to do business with your company. we assure you of our continuing support to meet your requirements,
This is a difficult task not because it's hard to achieve but because exceed your expectations are not easy.

Manufacturing is a foundation of any country's development and the motor of growth.
We can see the deterioration of Egyptian industries and we stand still where we were, this is attributed to complete codependency in importing most of consuming goods which is direct threat to domestic industry.

Based on our belief in the ability of Egyptian industry to revive again we support very strongly everyone works in this field
By providing assistance or technical advisory if needed.

General Manager
Eng. Khaled ElBoudy

Alex Power Technology founded in 1994 , based in Cairo, Egypt, the most powerful organization in the field of CNC Machines. We are an authorized sales agent of the top CNC Machines manufacturing companies in Asia and Europe.

Besides, provide maintenance and technical support services, furthermore we offer technical advisory and projects Feasibility.

Machines Range:

- CNC Milling Machines.
- CNC Lathe and Turning Center.
- EDM Machines.
- Fiber Laser Cutting Machines.
- Fiber Laser Marking Machines.
- CNC Press Brake – Shears – Punch Press.
- CNC and NC Tube Bending.
- CNC and NC Surface grinding machines and Cylindrical grinding machines.
- CNC , NC, Double Column Bandsaws.
- Machines Consumables and accessories.
- Cutting Tools.

Our Vision

Assist in improving manufacturing industry to help to reduce import rates.

Our Mission

Provide the latest technology in the manufacturing industry, besides, support small factories as well as workshops to develop their businesses.

Social Responsibility

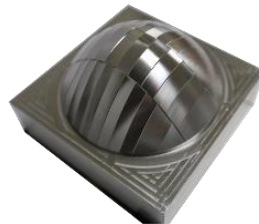

Provide training course at no cost, aimed to introduce fresh technical cadres are able to work in CNC machining field both within and outside Egypt.

Alex Power Technology is a sole agent of the top CNC Machines Manufacturers in Taiwan, China, Turkey and Italy

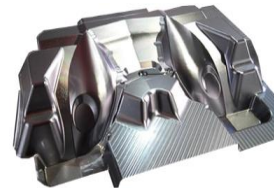

CNC Machining Centers

CNC Vertical Machining Center – CNC Horizontal Machining Center - 5 Axis CNC Machining Center

CNC Machining Centers

Double Column Machining Center

الیکس باور تکنولوجی
Alex Power Technology

CNC Lathe Machining and Turning Center

Mass Production – Multi Axis Turning Center - Large Diameter CNC Turning and Boring

NOVICK

CHMER

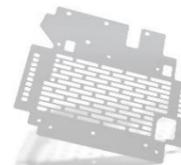

EDM Machines

Wire Cut EDM (Reciprocating / Continuous Wire feeding) – Die Sinker EDM – Drilling EDM

Fiber Laser Cutting Machine

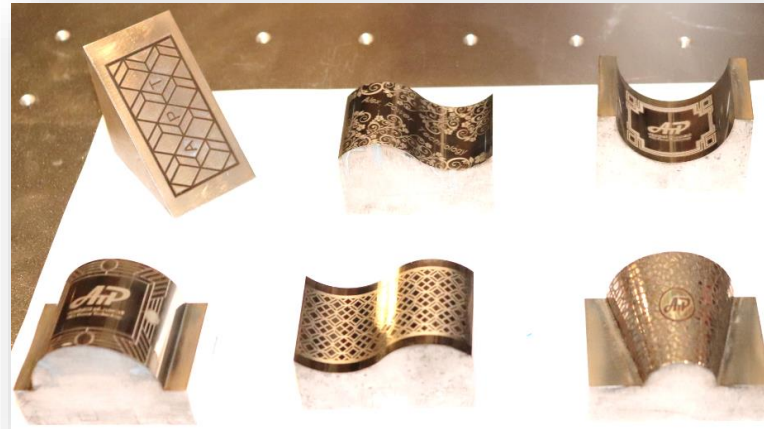

Laser output Power: 700w-1000w-1500w-2000w-3000w-4000w-6000w

HAN'S LASER

Fiber Laser Engraving Machines 2D and 3D

Laser output Power: 20w-30w-50w-100w

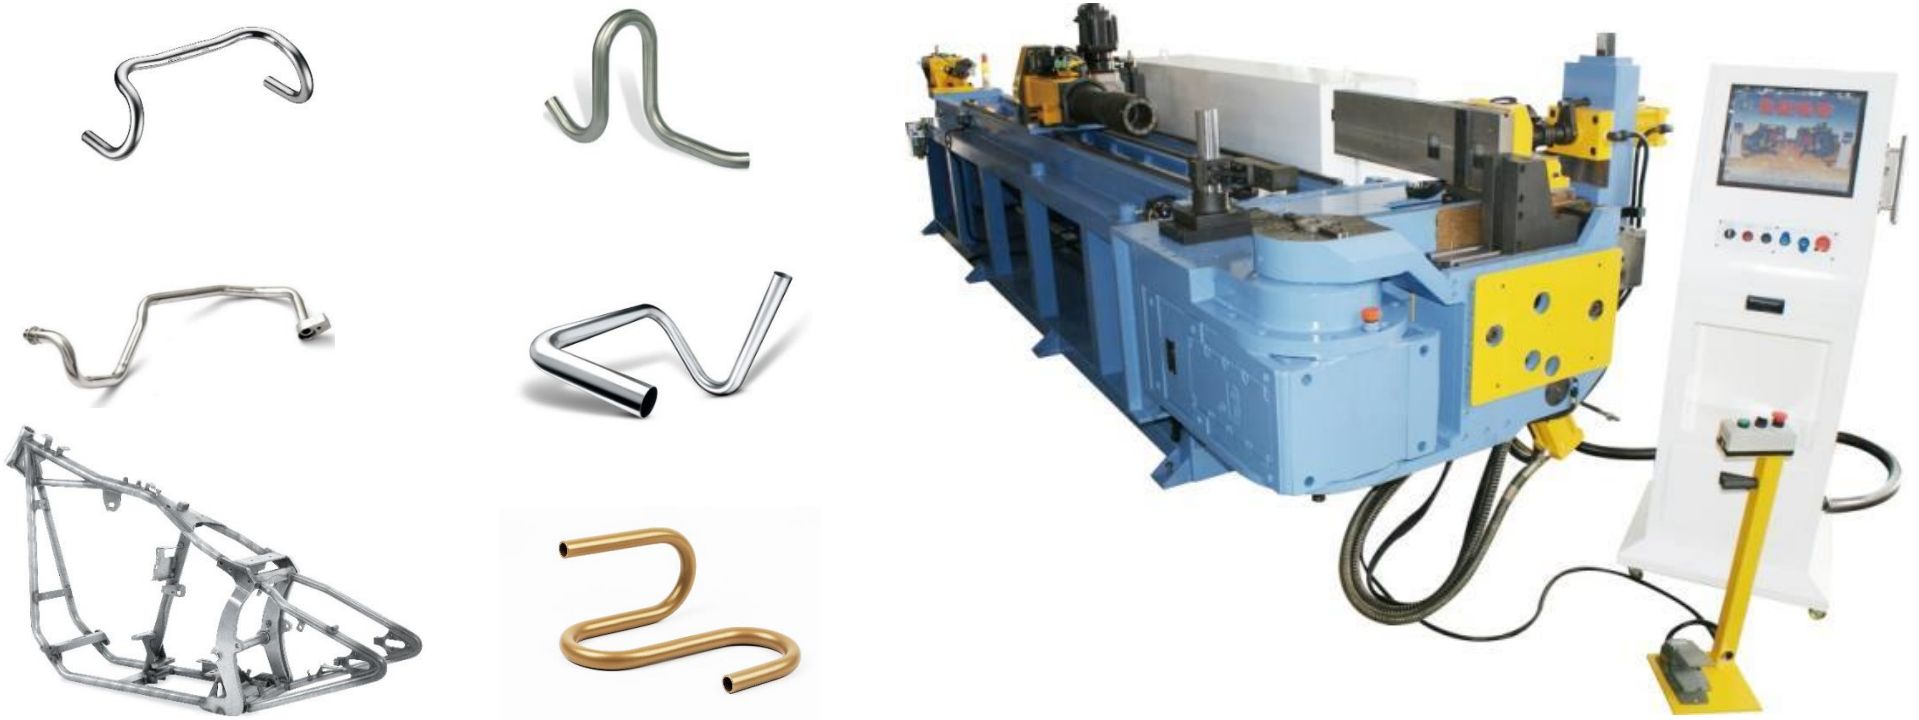

CNC / NC Surface Grinding Machines - CNC / NC Cylindrical Grinding Machines

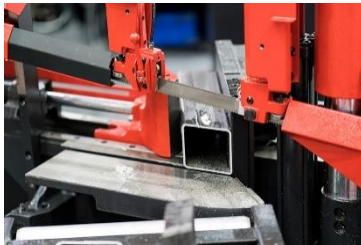

CNC Press Brake – Shears – Punch Press

CNC / NC Tube Bending Machines

Fully / Semi Automatic - Double Column – Pivot / Mitre Cutting Bandsaws

AUTOWELL

Spare Parts – Cutting Tools – Machines Consumables and Accessories

Training Center

Training center equipped with newest CNC controllers, also provide Free Courses , Seminars and Workshops

APT Maintenance and Technical Support Team

A highly skilled, experienced members of maintenance and technical support team.
